

**CRAVEN COUNTY SCHOOLS
ATHLETIC CODE OF CONDUCT**

Participation in any extracurricular activity is an important part of the high school or middle school educational experience. Primary goals of these activities are to teach students character and self discipline skills which will enable them to develop to their highest potential academically, as well as athletically. Student athletes, who serve as role models for younger students, are held to a higher standard for their actions. Each student, parent, and coach shall understand the obligations of being part of the athletic program, the established consequences of violating the Code of Conduct, and that participation is a privilege and not a right.

Commitment Agreement

Each student, parent, and coach participating in an extracurricular activity shall sign the Craven County Athletic Code of Conduct. Any student athlete charged with a criminal offense, other than minor traffic violations, must make the coach or athletic director aware of the charge prior to the next practice or contest but no later than 48 hours after the charge. Any criminal offense within the previous twelve (12) months must be reported to the coach prior to the beginning of tryouts for any sport.

Consequences for violating the Code of Conduct will be as follows:

These consequences will be in addition to any consequences imposed by the school.

Any student charged with a crime classified as a felony under North Carolina or Federal law shall be suspended from participation until such charges are adjudicated. Once charges are adjudicated, if the student is not convicted of the charges, the principal will review the evidence regarding the incident, the student's discipline record, grades, and conduct to determine if the student will be eligible to participate.

Any student convicted of a crime classified as a felony under North Carolina or Federal law or is an adjudicated delinquent for an offense that would be a felony if committed by an adult is not eligible to participate in the North Carolina High School Athletic

Association Sports Program. Such ineligibility shall be immediate and shall prohibit participation in the NCHSAA sports program from the date of conviction or adjudication through the end of the student's high school career. Appellate or other post-conviction review of the conviction or adjudication of delinquency does not affect the student's immediate ineligibility.

If any student is charged or convicted of a lesser crime, the Principal, in consultation with the Athletic Director and Superintendent or designee will review the evidence regarding the incident, the student's discipline record, grades, and conduct to determine if the student will be eligible to participate. Failure to alert the coach or athletic director of the charge shall result in immediate ineligibility for athletic participation for 365 days from the date of the charge.

IN-SCHOOL AND OUT-OF SCHOOL SUSPENSION

1. If a participating student is assigned to in-school suspension, he/she will not be allowed to practice or participate in a game/activity on the day of suspension. Suspension will be carried out regardless of the game/activity days or events.
2. If a student is given out-of-school suspension for any reason, he/she will be subject to the following additional consequences:
 - a. **FIRST OFFENSE:** A student athlete will not be allowed to practice or play during the suspension period. If there is not a game during the suspension period, the student will not be permitted to play in the next game following the suspension period.
 - b. **SECOND OFFENSE:** The student will be removed from athletics for the remainder of that season.
 - c. **REPEATED OFFENSES:** If a student continues to be suspended from school for consistent disciplinary infractions, the principal may remove that student from athletics for the remainder of that student's school career.

Parent/Coach Communication**

Parent-Coach Relationship

Parenting and coaching are both extremely difficult vocations. By establishing an understanding of each position, we are better able to accept the actions of the other and provide a greater benefit to children. As parents, when your child is involved in our program, you have the right to understand what expectations are placed on him/her. This begins with clear communication from the coach of the sports.

Appropriate Communication Between Parents and Coaches

1. Concerns expressed directly to the coach.
2. Notification of any schedule conflicts in advance.
3. Notification of illness or injury as soon as possible.

As your child becomes involved in athletic programs at middle and/or high school, he/she will experience some of the most rewarding moments of his/her life. It is important to understand that there also may be times when things do not go the way you and your child wish. At these times, discussion with the coach is encouraged. It is the first and most integral step to understanding and resolution.

Appropriate Concerns to Discuss With Coaches

1. The treatment of your child.
2. Ways to help your child improve.
3. Concerns about your child's behavior.

It is very difficult to accept your child's not playing as much as you had hoped. Coaches are professionals. They make decisions based on what they believe to be best for all student-athletes involved. As you have seen from the list above, certain things can be and should be discussed with your child's coach. The three items listed below should be left to the discretion of the coach.

1. Playing time, positioning, and event entry.
2. Team strategies, game tactics, play calling.
3. Any discussion about other student-athletes.
